

PATCH DESIGN

Help design a patch for Ni-Sanak-Tani! The lodge is planning to create a 2022 NOAC flap set. Submit your idea to the Scout Office, attn: OA, or email to Alex Metry at alexandermetry@gmail.com. See the information on patch requirements below.

"Flap" Design *REQUIRES*:

- a. Either "BSA" or the Fleur-de-lis (the better it is hidden, the neater the design... look over NOAC Chief's right shoulder).
 - b. The NST Totem (Canoe); some designs include the old Braves of Decorah Totem (spoon).
 - c. "Ni-Sanak-Tani" and "381"
- Optional, but highly encouraged:
- d. "WWW" or "<-WWW-<<<<" arrow
 - e. Event Name and Year
 - f. Space and placement for "Contingent" legend

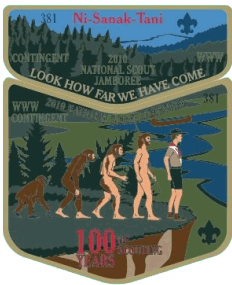

Design can be either the Flap-alone, or the Flap/Pocket combination. If a combination, each part needs the Lodge Number "381" (and Event Name/Year) so it can be identified if separated from its other piece(s).

Design should be colorful, but the more threads the pricier it is. As a gauge, the NOAC 2004 example is 13 colors, the Jambo 2010 set is 9 colors, and the Jambo 2013 set is 10 colors. Use of Photo chromatic (changes in sunlight) or GlowInTheDark threads add 15% to the overall cost but can be effective!

Describe multiple versions, e.g., Ghost/Blood/Night (all one thread color, white/red/black, but patterns and stitch orientation reveal the design!), and distinction(s) between Contingent (gold border) and Traders (black border).

Merrow (edge stitching) can edge every piece (Jambo 2010), or the design can be "seamless" across the parts (NOAC 2004).

For the NOAC flap set, the design must be exactly the shape of the pocket/flap. No extra shapes. For a segment patch, the shape of the patches when put together can vary. For example, the last segment patch in 2009 was the shape of a Native American in a canoe.

>>Can't draw well? ... scratch it out, even black & white, and write up a description. The patch company art department will clean it up for us.
