

Pack xx _____ school – 2022

Cub Scouting works best when each family is involved in helping with an important project or role. Each family is expected to have an adult participate with their Scout. Regularly we will hold adult meetings to continue the planning for the upcoming months of activities and key roles.

In addition to a monthly den meeting (1) and a monthly Pack meeting (2) we will have a monthly other activity (3)– a tour, attending a community event, attending a Scouting event, or doing a special Scouting activity. We need people(s) to coordinate each of these, group planning can happen at parent meeting, but we need a lead(s) for each month.
