

Hello Campers!

I am extremely happy to introduce myself as the director for Camp Send a Kid. I came to the La Crosse area over 25 years ago to attend UW-L and have been here ever since. I earned a master's degree in education at Viterbo University and have been teaching high school since 1995. I also volunteer with the local Boy Scout and Girl Scout councils. On top of all that, I have

three children of my own, who keep me hopping!

At Camp Send a Kid we focus on providing campers an outdoor nature experience. With our partner organizations, campers get to experience traditional camp activities like swimming, boating, fishing, hiking and archery, as well as educational sessions with the GREAT and DARE officers and end their time at camp with a rocking pool party!

Through our generous donors, Camp Send a Kid is completely free to campers. Interested families, with children entering grades 3-7, should complete and submit the application. Submitted applications will be reviewed and campers will be notified of their selection status in late May. Please realize that submitting an application does not guarantee acceptance.

We hope you can come camp with us this summer!
